The Department of Public Safety is organized into nine separate functional agencies: Office of the Director, Missouri Capitol Police, Division of Fire Safety, Division of Alcohol & Tobacco Control, Missouri State Highway Patrol, Missouri National Guard (Office of the Adjutant General), State Emergency Management Agency, Missouri Veterans Commission and the Missouri Gaming Commission.

Office of the Director provides support and coordination to the other divisions, handles several federal and state grant programs and includes the Office of Homeland Security, the Missouri Office of Victims of Crime, Crime Victims Compensation and Peace Officers Standards and Training (POST).

Missouri Capitol Police is the primary law enforcement agency for the Capitol Complex, as well as other state buildings in Jefferson City, patrolling the buildings and grounds in their jurisdiction on a 24 hours a day, seven days a week basis.

Fire Safety provides training and certification to firefighters and emergency response personnel, investigates all suspicious fires in the state and has responsibilities in the areas of fireworks, elevator safety, amusements rides, day care centers and boilers.

Alcohol & Tobacco Control responsibilities include revenue collection, liquor licensing along with liquor and tobacco enforcement and also provides training to licensees in these areas.

The Highway Patrol is responsible for law enforcement on the state's highways, as well as motor vehicle and commercial vehicle inspections, criminal investigations, criminal laboratory analysis and public education on safety issues. The Water Patrol was consolidated into the Highway Patrol as of January 1, 2011 and the responsibilities for law enforcement on the state's waterways including criminal investigations are transferred along with promoting boating safety and other duties including boat inspections, administering boating education courses and underwater recovery operations.

The Adjutant General is the administrative head of the 11,000 member Missouri Army and Air National Guard, who perform federal or state duty at the call of the Governor or President as the need arises to include floods, homeland security and overseas duty.

SEMA responds to major disasters including major snow and ice storms, floods, tornadoes, severe weather, earthquakes, hazardous materials incidents, nuclear power plant accidents, radiological or biological hazards and terrorism.

The Veterans Commission is charged with meeting the needs of the Missouri veterans through Veterans Homes that provide long-term nursing care, service officers to provide benefits assistance to veterans and veterans cemeteries placed throughout the state.

The Missouri Gaming Commission regulates riverboat and charitable gaming activities, including fairness of the games and ensuring non-infiltration by criminal elements with assistance from the Highway Patrol in investigative and enforcement duties.

FLEXIBILITY REQUEST FORM

000049

BUDGET UNIT NUMBER: 81313C	DEPARTMENT: Public Safety
BUDGET UNIT NAME: Director-Admin	DIVISION: Office of the Director

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

25% General Revenue(PS-\$182,896/E&E-\$24,970), 25% Federal Funds(PS \$239,459/E&E \$1,172,366), 25% Crime Victims Compensation(PS \$108,272/E&E \$363,317), 50% State Services to Victims(PS \$37,138/E&E \$2,087) The flexibility is needed due to the fact that the Office of the Director includes several programs to which salaries and expenses are charged off. As the majority of these are federal programs they must be charged off based upon actual time spent on each program. This results in the amounts charged off changing every two weeks, with certain fte having as many as ten different cost centers. As this makes projecting out difficult, flexibility would allow us to properly handle these situations.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	Unknown	As the need arises-there are no specific requirements at this time.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
N/A	Changes in the charging of expenditures to federal grants due to differences between actual and budget as changes are made to the federal grants based on actual time worked.

PROGRAM DESCRIPTION

Department of Public Safety

Missouri Office for Victims of Crimes

Program is found in the following core budget(s): Administration

1. What does this program do?

In an effort to better inform victims of their rights, reduce the trauma to victims, and train personnel in dealing with victims, the Missouri Office for Victims of Crime will develop multiple levels of coordination. This includes training personnel by means of the Missouri Victim Services Academy and resource referral, in not only dealing with the psychological, physical, and practical issues associated with victimization but also in comprehensive knowledge of victims rights and notification of the victim by the criminal justice system. In an effort to reduce the trauma to the victim, funding will be provided on a competitive basis, to non-profit and governmental agencies through state and federal grant programs for which we are the administrative agency. These grant programs include the following: STOP Violence Against Women (VAWA), Victims of Crime (VOCA), and State Services to Victims Fund (SSVF). As we seek to better inform victims of their rights, county and municipal agencies throughout the state will be trained in the use of the Missouri Victim Automated Notification System (MoVANS); and databases will be used to best inform victims of services available. It is also the purpose of the office to encourage cohesive information, sharing, and training through a variety of programs.

Missouri Office for Victims of Crime (MOVC) provides guidance to non-for-profit agencies, local and state governments on practices and policies that impact crime victims and provides funding, training, and consultation to help communities develop programs to serve crime victims. This activity also includes assisting victims who encounter difficulty accessing services or who believe they have been deprived of their statutory or constitutional rights. Additional activities include notification and assistance to victims whose offenders are scheduled to be released from custody or have an upcoming court hearing, or informing them the service status of their Protection Order.

MOVC staff provides individual and system support for crime victims. Individual victims may receive information, referral and assistance in accessing benefits or services, and support for their constitutional rights. Systems serving crime victims benefit from MOVC representation of their interests at the state level. Those interests include laws, policies, and funding that impact the development or enhancement of victim services at the community level.

2. What is the authorization for this program, i.e., federal or state statute, etc.?

(Include the federal program number, if applicable.)

RSMo 650.310, July 2001

3. Are there federal matching requirements? If yes, please explain.

PROGRAM DESCRIPTION

Department of Public Safety

Peace Officer Standards and Training Program

Program is found in the following core budget(s): Administration

1. What does this program do?

The Department of Public Safety's Peace Officer Standards and Training (POST) Program is a regulatory agency that is responsible for the licensing of peace officers, reserve peace officers, basic training instructors, basic training curriculum, basic training centers and continuing education providers. The POST Program has an unpaid nine member commission appointed by the Governor that is responsible for determining the basic and continuing education training standards of licensed peace and reserve officers. The POST Program is responsible for investigating complaints against licensed peace officers, instructors, basic training centers and continuing education providers. The POST Program administers the POST Commission training fund which provides a mechanism for paying the costs of continuing law enforcement education training for Missouri's 17,300 plus licensed and commissioned peace officers. The POST Program also approves continuing education courses submitted by unlicensed training providers.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 590 of the Revised Statutes of Missouri

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

In 1967, the President's Commission on Law Enforcement and the Administration of Justice recommended that each state establish a Peace Officer Standards and Training (POST) Commission. At that time, seventeen states had already established POST bodies. All states had them by 1981 and all states continue to maintain them.

PROGRAM DESCRIPTION

Department Public Safety - Office of Homeland Security (OHS)

Program Name Homeland Security Grant Program

Program is found in the following core budget(s): DPS/OHS

1. What does this program do?

The Homeland Security Grant Program (HSGP) provides a primary funding mechanism for building and sustaining national preparedness capabilities. HSGP is comprised of eight interconnected grant programs: State Homeland Security Program (SHSP), Urban Areas Security Initiative (UASI), Metropolitan Medical Response System (MMRS), Citizen Corps Program (CCP), Public Safety Interoperable Communications (PSIC), Emergency Operations Center (EOC), Interoperable Emergency Communications (IECGP) and Nonprofit Security (NSGP).

Together, these grant programs fund a range of preparedness activities, including planning, organization, equipment purchase, training, exercises, and management and administration. Funds will be administered by the Office of Homeland Security.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Funds for the FY HSGP are appropriated by the Consolidated Security, Disaster Assistance, and Continuing Appropriations Act of 2009 (Public law 110 - 329); Implementing Recommendations of 9/11 Commission Act of 2007, Public Law 110-53. CFDA #'s 97.008, 97.067, 97.071, 97.073

Funds for the PSIC are appropriated by the Deficit Reduction Act of 2005, (Public Law 109-171), as amended by Section 2201 of Public Law 110-53, and Section 4 of the Call Home Act of 2006, Public Law 109-459. CFDA #11.555

Funds for the EOC Grant Program are appropriated under the Department of Defense and Full-Year Continuing Appropriations Act, 2011 (Public Law 112-10)., Public Law 112-10; The EOC Grant Program is authorized by section 614 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5196c) as amended by section 202 of the Implementing Recommendations of the 9/11 Commission Act of 2007 (Public Law 110-53), Public Law 110-53. CFDA # 97.052

3. Are there federal matching requirements? If yes, please explain.

Matching requirements: Percent: 25.%. The EOC program requires a 75 percent Federal and 25 percent grantee cost share cash or in-kind match requirement. This is a local, not state requirement. The PSIC program requires OHS to meet and document the 20 percent statutory match requirement for each project, during the period of performance of the grant program. EMPG requires a 50% (\$6,264,436) match and the State Emergency Management Agency will request the match in their budget.

PROGRAM DESCRIPTION

Department: Department of Public Safety

Program Name: Juvenile Justice Title II

Program is found in the following core budget(s): Juvneile Justice Delinquency Prevention

1. What does this program do?

Title II programs are designed to develop and implement effective methods of preventing and reducing juvenile delinquency, including methods with a special focus on preserving and strengthening families so that juveniles may be retained in their homes. The program encourages local juvenile courts and community based organizations to develop and conduct effective methods to prevent delinquency and hopefully divert juveniles from the traditional juvenile justice system. The program is designed to provide critically needed alternatives to institutionalization and also provide for coordination of services between state, local, and community-based agencies.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Title II, Part B, Section 222, of the Juvenile Justice and Delinquency Prevention (JJDP) Act of 1974, as amended (Public Law 93-415, 42 U.S.C.5601 et seq.).

2. CORE DESCRIPTION

In 1997 Congress, through PL 105-119 and Title III of House Resolution 3, provided funds for States and units of local government to improve their juvenile justice systems. The goal of this legislative action is to promote juvenile offender accountability as well as to provide direction and support to reduce repeat offenses.

Administrative funds (up to 5%) is used by the Missouri Department of Public Safety for administrative costs. At least 75% of the remainder of funds will be passed through to local government units, or expended by the State on services of benefit to those local governments. In addition, 25% of Missouri's total allocation is available through a competitive grant process to units of local government, state agencies, or nonprofit agencies for the provision of serving juveniles throughout the entire State of Missouri.

2. CORE DESCRIPTION									
<p>Section 1122 of the Fiscal Year 1994 National Defense Authorization Act established the authority for state and local governments to purchase law enforcement equipment suitable for counter-durg activities through federal procurement channels. The authority for the "1122 Program" resides with the Department Of Defense.</p> <p>The law enforcement agency will request a bid price on a piece of equipment. DPS 1122 Coordinator's staff will then provide them with a contracted price from a participating vendor. If the agency requests to purchase they then must forward the payment for the item to DPS to be held in escrow until the requesting law enforcement agency recieves shipment of the item. The agency will then notify DPS of receipt and then the 1122 Coordinator's staff will request release of payment to the supplying vendor.</p> <p>This system provides access to state and local governments to purchase DOD equipment from the Department of the Army or from approved GSA federal purchasing schedules for counter-drug activities. The estimated usage is based on previous inquiries from agencies.</p> <p>Examples of Items Available to Law Enforcement Agencies from the Federal Procurement System: Automobiles, Aviation Fuel & Parts, Black BDUs (Battle Dress Uniform), Body Armor, Drug Testing Equipment & Kits, Fingerprint Equipment, Night Vision Equipment, Photographic Equipment & Supplies, Weapons – Pistols, Rifles, ammunition & weapon accessories, etc.</p>

2. CORE DESCRIPTION									
<p>The Deputy Sheriff Salary Supplementation Fund was created through the passage HB 2224 in the 2008 session. It provided that the sheriff shall receive an additional \$10 fee for service of any civil summons, writ, subpoena or other court order. The money received by the sheriff shall be collected by the county treasurer and made payable to the state treasurer. The money paid to the state treasurer shall be deposited into the "Deputy Sheriff Salary Supplementation Fund".</p> <p>The Missouri Sheriff Methamphetamine Relief Taskforce (MoSMART) shall administer the fund. MoSMART is responsible for administering the Deputy Sheriff Salary Supplementation Fund that is used to supplement the salaries of county deputy sheriffs. In addition, MoSMART is responsible for approving applications for the fund.</p> <p>The money in the fund shall be used solely to supplement the salaries, and employee benefits resulting from such salary increases, of county deputy sheriffs.</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

MOSMART (Missouri Sheriff's Methamphetamine Relief Teams) was first funded in 2001 through a federal earmark to fight the meth problem in Missouri. The earmark was received every year through 2011, except for 2008 when it was funded with general revenue through the state supplemental budget process.

MOSMART funding ended at the federal level on December 31st, 2011. This decision item will fund MOSMART through the state budget in fiscal year 2013 at the same level funding that was received in calendar year 2011.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Internet Cyber Crime Grant (ICCG) Program (Chapter 650 RSMo, Section 650.120 and House Bill 1672) distributes funding to local law enforcement to support a broad range of activities to prevent and control internet cyber crime as it relates to children and to improve public safety.

The Cyber Crime Grant Program was created by the Legislature and was funded with General Revenue in fiscal years 2007 through 2009. It was then funded with stimulus/ARRA (American Recovery & Reinvestment Act) for fiscal years 2010 through 2012.

The ARRA funds will expire in February of 2013. It is currently estimated that there are sufficient ARRA funds to carry the task forces through February of 2013. This decision item will provide additional funding beyond February 2013.

595.050, RSMo in 1981. With the passage of 595.100, RSMo (1988), the Services to Victims Fund was established. The Services to Victims Fund consists of money collected pursuant to section 595.045. Upon appropriation, this money shall be used solely for the administration of contracts for services to victims of crime pursuant to sections 595.050, 595.055, and 595.105. Funds are awarded to state and local units of government and private nonprofit agencies to provide direct services to victims of crime. Eligible direct services include, but are not limited to, crisis intervention, emergency shelter and other emergency services, support and advocacy services, court-related services, training and technical assistance programs, and others. This funding is highly utilized by domestic violence shelters, rape crisis centers, child abuse treatment facilities, law enforcement and prosecutors to provide high quality services that directly improve the health and well being of victims of crime. The core request of \$5,000,000 will continue to provide funding to approximately 100 agencies statewide and for approximately 42,000 victims of crime in the State of Missouri.

2. CORE DESCRIPTION

Since 1986, the State of Missouri has been receiving funding from the U.S. Department of Justice through the Victims of Crime Act (VOCA) of 1984. These moneys are awarded annually to crime victim service agencies and state and local units of government throughout the state to provide high quality services that are directly related to the emotional healing and recovery of crime victims.

Similar to the State Services to Victims Fund, VOCA is supported through fines and forfeitures collected by the federal courts, not through tax dollars. The VOCA guidelines require that a minimum of 10% of the total funds be distributed for services to each of the following four types of crime victims: domestic violence, sexual assault, child abuse and underserved. Victim assistance programs serving other types of crime victims are also eligible for funding.

The assistance provided through VOCA grants includes but is not limited to the following comprehensive services: 24-hour crisis hotline, individual and group counseling, emergency shelter, crisis intervention, court advocacy, emergency transportation, and more.

PROGRAM DESCRIPTION

Department of Public Safety

Victims of Crime Act (Federal)

Program is found in the following core budget(s): Victims of Crime Act (Federal)

1. What does this program do?

Funds are awarded to state and local units of government and private nonprofit agencies to provide direct services to victims of crime. Eligible direct services include, but are not limited to, crisis intervention, emergency shelter and other emergency services, support and advocacy services, court-related services, and others. This grant program requires a 20% local match which may be either hard cash or in-kind. This funding is highly utilized by domestic violence shelters, rape crisis centers, child abuse treatment facilities, law enforcement and prosecutors to provide high quality services that directly improve the health and well being of victims of crime.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Victims of Crime Act 1984, as amended, 42 U.S.C. 10601 et seq. CFDA - 16.575

3. Are there federal matching requirements? If yes, please explain.

Yes. Twenty percent (20%) cash or in-kind match is required on the total project cost for each recipient. Administrative funds are exempt from match.

4. Is this a federally mandated program? If yes, please explain.

NO

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**6. What are the sources of the "Other " funds?**

2. CORE DESCRIPTION

Since 1995, the state of Missouri has been receiving funding through the S.T.O.P. Violence Against Women Grant Program as authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended by Title IV, Section 40121 of the Violent Crime Control and Law Enforcement Act of 1994, Public Law 103-322, reauthorized by the Violence Against Women Act of 2000. Since its inception, Missouri has provided approximately \$13 million in funding to programs throughout the state aimed at addressing violent crimes committed against women.

At least 25% of the total grant funds available must be allocated to both law enforcement and prosecution, 30% to victim services agencies and 5% to court initiatives. In distributing funds, Missouri must give priority to areas of varying geographic size with the greatest showing of need, take into consideration the geographic population of the area to be served, equitably distribute monies geographically including non-urban and rural areas, and ensure that the needs of previously underserved populations are identified and addressed.

PROGRAM DESCRIPTION

Department of Public Safety

Violence Against Women (Federal)

Program is found in the following core budget(s): Violence Against Women (Federal)

1. What does this program do?

Funds are awarded to units of state and local government and nonprofit, nongovernmental victim services programs for the purpose of developing and strengthening effective law enforcement and prosecution strategies to alleviate violent crimes committed against women, and to develop and strengthen victim services in cases involving violent crime against women. Law enforcement agencies are utilizing these funds to set up special investigative units for domestic violence and sexual assault cases. Prosecutors are hiring special prosecutors and victim advocates thereby improving the successful prosecution of domestic violence and sexual assault cases. Victim services agencies are providing more court advocacy services, assistance with ex-parte and full orders of protection, and basic victim services to women victimized by violent crime.

Each Federal Award must be divided as follows: 25% to Law Enforcement; 25% to Prosecution; 30% to Victim Services; 5% to Courts and the remaining 15% is funded at the discretion of the administering agency.

Omnibus Crime Control and Safe Streets Act of 1968, as amended by Title IV, Section 40121 of the Violent Crime Control and Law Enforcement Act of 1994, Public Law 103-322, reauthorized by the Violence Against Women Act of 2005.

3. Are there federal matching requirements? If yes, please explain.

2. Increase the number of arrests, prosecutions and convictions of crimes against women by providing funding for specialized investigators and prosecutors.

STOP Funded Law Enforcement Agencies

*Prior to 2004, STOP funded Law Enforcement Agencies were required to report on the # of cases reviewed and charged by their local Prosecutor along with the number of convictions. New Federal reporting requirements which went into effect January 2004 eliminated this reporting requirement; therefore, the # of cases reviewed by STOP Prosecutors is less due to fewer agencies reporting this information. The category "# of cases referred to Prosecutors" and "# arrests of primary aggressor" were new reporting fields included in the new Federal Report which took effect January 1, 2004. The new report has required agencies to track data differently which has resulted in more accurate, but lower reported numbers.

2. CORE DESCRIPTION

The Crime Victims Compensation Program provides financial assistance to victims who have suffered physical harm as a result of violent crime. In the case of death, the Program helps the victim's dependents. The Crimes Victims Compensation Program is designed to assist victims of violent crimes through a period of financial hardship as a payor of last resort. If a victim has exhausted other sources of compensation, such as health insurance, and has no other source of reimbursement, the Program can help pay for medical costs, wage loss, psychological counseling, funeral expenses and support for dependent survivors to a maximum limit of \$25,000.

Funding for the program is through court costs assessed in criminal prosecutions. Additional funds are received through a grant from the United States Department of Justice, including Federal Stimulus funds for one year.

Beginning July 1, 2008 for victims of sexual assault or abuse on incidents that occurred in Missouri, appropriate medical providers are required to bill the Sexual Assault Forensic Examination (SAFE) Program within the Department of Public Safety, Crime Victims' Compensation Program for the charges incurred in collecting evidence during the forensic examination. The victim is not to be billed for any sexual assault forensic examination charges.

PROGRAM DESCRIPTION

Department: Public Safety Office of the Director

The Crime Victims' Compensation Program financially assists victims of violent

Program is found in the following core budget(s):

1. What does this program do?

The Crime Victims' Compensation Program financially assists victims of violent crime in paying reasonable medical expenses, counseling expenses, funeral expenses, lost wages and loss of support. As a payor of last resort the Program considers out of pocket expenses only after all collateral sources have been exhausted. A maximum benefit of \$25,000 may be awarded on eligible claims. The Sexual Assault Forensic Examination Program provides payment to cover the cost of gathering evidence during the forensic examination for victims of sexual crimes in Missouri. Medical providers are required to bill the SAFE Program for reasonable charges incurred during the forensic examination. The patient may not be billed for any forensic examination charges.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

RSMO 595 for both the Compensation and SAFE Programs.

3. Are there federal matching requirements? If yes, please explain.

The federal matching requirement is the Program will receive 60 percent of the previous year's payout. With the SAFE Program federal funds can be used to pay for examinations if the State provides a 50% match.

4. Is this a federally mandated program? If yes, please explain.

This Program is not federally mandated.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

The other source of funds comes directly from the dedicated funding of the Crime Victims Compensation Fund.

2. CORE DESCRIPTION

The Peace Officer Standards and Training Fund (POST Fund) disburses funds to law enforcement agencies to pay for the costs of Continuing law Enforcement Education training for law enforcement officers or technical or professional training for non-commissioned personnel employed by a law enforcement agency. To be eligible for this disbursement, courts shall assess a surcharge of \$1 in each criminal case pursuant to section 488.5336, RSMo. Monthly, the county or municipality will forward the collected surcharges to DPS. Distribution of these funds is made annually with agencies contributing less than \$500 receiving \$500, and agencies contributing in excess of \$500 receiving at least 90% of their contribution plus a portion of the difference between the total contribution less the total amount of agencies receiving \$500. The entire formula for funding is located in 11 CSR 75-16.010.

The core request of \$1,400,000 will continue to allow the department to assist law enforcement agencies with their continuing education costs.

2. CORE DESCRIPTION

Legislation passed in 2004 authorized the governor to award and present, in the name of the state of Missouri, a medal to a public safety officer, upon the recommendation of the board, for extraordinary valor above and beyond the call of duty. The medal shall be Missouri's highest award for valor by a public safety officer.

The board shall select candidates as recipients of the medal from among those applications received by the board. Not more often than once each year, the board shall present to the governor the name or names of those it recommends as medal recipients. In a given year, the board shall not be required to select any recipients but may not select more than seven recipients. The governor may in extraordinary cases increase the number of recipients in a given year.

2. CORE DESCRIPTION

Missouri Revised Statute 8.177 authorizes and mandates the Missouri Capitol Police. The Missouri Capitol Police Department is responsible for the protection of the Missouri State Capitol at all times. The Director of the Department of Public Safety has appointed a sufficient number of Missouri Capitol Police Officers so that the capitol grounds may be patrolled at all times, and that traffic and parking upon the capitol grounds and the grounds of other state buildings owned or leased within the capitol city and the county which contains the seat of government may be properly controlled. The Capitol Police utilize foot, bike and vehicular patrols to maintain order in this mission. The Capitol Police provide full police services, including investigations and arrests of criminals. All commissioned officers are licensed under the Missouri Police Officers Standards and Training system. The Capitol Police protective services include an explosives detection K-9 team and the monitoring of 83 cameras located throughout the complex. The Capitol Police have 24-7 missions at the Missouri Capitol, Governor's Mansion and the Truman State Office Building.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Administration

Program is found in the following core budget(s):

1. What does this program do?

Administration is made up of the following divisions and tasks:

- 1) Research and Development manages policy updates and revisions, accreditation processes, statewide property control systems, and internal inspection programs.
- 2) Human Resources oversees employment procedures by coordinating the uniformed members, radio, and civilian selection and promotional processes along with drug testing, respiratory protection, and exposure control plans.
- 3) Professional Standards conducts and reviews approximately 150 internal investigations and acts as a liaison between the department and the Attorney General's office in matters involving internal investigations.
- 4) Public Information and Education issues news releases and news alerts, develops public safety literature, and manages the Patrol's web site.
- 5) Motor Equipment (ME) is responsible for procurement, assignment, maintenance, repair, and disposal of all 1,300+ Patrol vehicles and 150+ vessels. Additionally, ME is responsible for building and grounds maintenance and housekeeping at the General Headquarter's Waggoner Building along with other facilities in the Jefferson City area.
- 6) The Budget and Procurement Division maintains accounting records as required by policies and procedures of the Missouri Office of Administration, Division of Accounting. It maintains the inventory of non-expendable property and performs annual audits of troops and divisions to ensure accountability for property. It also reviews all invoices and expense accounts that have been approved for payment. The Budget and Procurement Division prepares payroll (including overtime), processes payroll changes, and provides salary verifications. It also formulates the annual budget from requests submitted by General Headquarters staff, troop commanders, and division directors. It also distributes supplies and equipment to components as approved.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Activity Reporting System was established to capture demographic information from each vehicle stopped by a member of the Patrol. This data is collected in response to 590.650 RSMo., the Missouri Racial Profile law. RSMo., Chapter 43 permits the Superintendent of the Missouri State Highway Patrol to employ members and other subordinates subject to available appropriations. Chapter 43, RSMo., requires the Missouri State Highway Patrol (MSHP) to provide law enforcement to the citizens of Missouri including, but not limited to, enforcement of traffic laws, enforcement of commercial motor vehicle laws, performing criminal investigations and providing general assistance to the citizens of Missouri. These tasks and the many other services provided by the Patrol would be impossible without a dependable fleet of vehicles. Chapter 43 also provides a mechanism for sale of retired MSHP vehicles, primarily to other governmental entities.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

Pursuant to Sections 313.004 and 313.800-313.850, RSMo, the Missouri Gaming Commission is responsible for ensuring adequate enforcement for every licensed casino operating in the State of Missouri. The Missouri Gaming Commission and the Missouri Highway Patrol have entered into a memorandum of understanding to provide enforcement for all Missouri casinos. In FY 2013, a casino currently under construction will be in operation in Cape Girardeau, thus requiring additional staffing to regulate. This decision item shows both the costs associated with the Missouri Gaming Commission and the Missouri State Highway Patrol.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Experience has shown the minimum amount of staffing for a casino this size is nine (9) highway patrol officers (to cover as many as three shifts to include 24-hour gaming), an electronic gaming device specialist, a compliance auditor, and a senior office support assistant. This request is to cover the salaries and related expenses for 9.0 officers only. Fringe benefits will be covered within the current fringe benefit core. Other staff normally requested to regulate a new casino will come from existing personnel. All costs associated with this decision item will be reimbursed by the casino company to the Gaming Fund (0286). **Please note: the addition of these highway patrol positions will not affect the allotment of highway patrol officers assigned to the regular highway enforcement duties.**

The detailed estimated EE and PS costs that should be placed in the Missouri Gaming Commission's budget are shown below by category and also by budget object class and appropriation.

***The \$20.7 Million estimate for the first full year of implementation comes from the "The Economic Analysis of Casino Applicants for Missouri's Gaming License" prepared for the Missouri Gaming Commission by MERIC, Department of Economic Development, November 2010. It is a combination of AGR taxes and admission taxes/ fees. All the AGR taxes by law will go to Education. The admission fees will be among those distributed to various agencies, most to Early Childhood

6c. Provide the number of clients/individuals served, if applicable.

Providing regulatory enforcement for 1.1 to 1.5 million patrons, 1,000 slots, 28 tables, and a poker room in first full year.

6d. Provide a customer satisfaction measure, if available. N/A

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Once approved, the MSHP will select and train the officers assigned to this casino. The EE funds will be used to train the replacement officers and to equip the gaming troopers. The Patrol will use existing selection processes for the personnel and existing contracts for all equipment needs.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Commercial Vehicle Enforcement Division****Program is found in the following core budget(s):****1. What does this program do?**

The CVE Division is tasked with enforcing state statutes, Federal Hazardous Materials Regulations, and the Federal Motor Carrier Safety Regulations pertaining to the safe operation of commercial motor vehicles (CMVs). This program ensures the safe operation of CMVs operating in interstate or intrastate commerce in Missouri. This program is accomplished by the use of 23 fixed weigh stations and 54 portable scale trucks and vans. There are 138 Commercial Vehicle Officers/Commercial Vehicle Inspectors and 29 Commercial Vehicle Enforcement Trooper positions assigned to troop and field activities. These officers check commercial vehicles for compliance with size and weight limit regulations, equipment regulations, status of driver qualifications, vehicle registrations, fuel tax credentials, hazardous materials regulations, and operating authority. The CVE Division also participates in the Motor Carrier Safety Assistance Program (MCSAP). This program provides monies to states for the development and implementation of programs to enforce rules and regulations applicable to commercial motor vehicle safety. MCSAP funding has made it possible for the division to purchase equipment to perform safety inspections as well as improve the timely entry of and the quality of data from inspections and accidents uploaded into the Safetynet system required by the MCSAP program.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Title 23, Code of Federal Regulations, Part 657 mandates enforcement of size and weight regulations. Title 49, CFR, Part 350, describes requirements for states to adopt and enforce federal rules, regulations, standards and orders applicable to commercial vehicle safety.

3. Are there federal matching requirements? If yes, please explain.

Yes, 20% soft match. The CVE Division uses commercial vehicle inspections as their match.

4. Is this a federally mandated program? If yes, please explain.

Yes, the amount of Federal Highway Funds Missouri receives is tied directly to the enforcement of the weight regulations and statutes as set by the Federal Government. MCSAP was authorized and mandated by the Surface Transportation Assistance Act of 1982.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Aircraft Division****Program is found in the following core budget(s):****1. What does this program do?**

The Aircraft Division provides assistance in traffic and criminal law enforcement with the use of aircraft, including detecting traffic law violations, controlling traffic at special events, conducting manhunts and searches for lost or missing persons or for evidence of criminal activities, performing duty at major disasters as an observation platform, and providing rescue assistance. It manages all aspects of Patrol aircraft usage and also provides transportation for Patrol personnel and those of other agencies when necessary and advantageous. The Aircraft Division manages all aspects of Patrol aircraft maintenance to ensure a safe and reliable fleet of aircraft suitable for responses to scheduled and unscheduled events and incidents. The Aircraft Division assists with the selection of qualified pilots and maintaining the training of pilots to be mission capable of the task required of providing cooperative aerial law enforcement support to city, county, state, and federal agencies.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Aircraft Division is an enforcement division tasked to assist with the implementation of the requirements of RSMo. 43.025, to enforce the traffic laws and promote highway safety.

3. Are there federal matching requirements? If yes, please explain.

The Aircraft Division has no federal matching requirements.

4. Is this a federally mandated program? If yes, please explain.

The Aircraft Division is not a federally mandated program.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Field Operations Bureau

Program is found in the following core budget(s):

1. What does this program do?

The Field Operations Bureau is responsible for coordinating, planning, and analyzing the traffic and patrol functions of the 9 geographic troops. The troops provide the full spectrum of police services throughout the state. In all areas of the state not within municipal boundaries, the Patrol provides the primary enforcement of all traffic laws, and is responsible for investigation of traffic accidents on all roadways. Members of the Patrol are routinely called upon to assist municipal police agencies and sheriff's departments all across the state of Missouri. Additionally, the Field Operations Bureau provides administrative oversight and assistance with emergency/disaster response statewide. The Field Operations Bureau also coordinates the following functions: Aircraft Division, 4 Major Crash Investigation Units, 4 Special Weapons and Tactic Teams, Marijuana Eradication, Selective Traffic Enforcement Programs, Combined Accident Reduction Effort, Driving While Impaired Victim Advocacy, Criminal Interdiction and gubernatorial inauguration details.

The Patrol currently has 10 canine units stationed throughout the state. The canine units serve as a support function for general law enforcement activities. The purpose of the canine units are to assist law enforcement personnel in the detection of controlled substances and related items, locating lost or missing persons, enhancing officer safety, and apprehending criminal suspects.

The Patrol currently has four 20-member Special Weapons and Tactic Teams stationed at Troop A, Lee's Summit, Troop C, St. Louis, Troop D, Springfield, and Troop F, Jefferson City. The teams are trained and equipped to respond to a variety of critical incidents ranging from hostage situations to high-risk warrant service. The teams are regularly requested by sheriff's department and police agencies, which lack the personnel and resources to maintain their own unit.

Marijuana Eradication is a statewide effort to locate and destroy cultivated marijuana. Officers from each troop are designated to respond to citizen reports related to marijuana cultivation as well as developing intelligence information in their assigned area to pursue this goal. Patrol helicopters are instrumental in these operations.

The Patrol currently has officers assigned to four Major Crash Investigation Units (MCIU), located strategically throughout the state. The primary mission of the MCIU is to investigate and provide detailed reporting of serious crashes involving multiple fatalities, commercial motor vehicles and crashes resulting in felony criminal charges. The crash teams also assist other law enforcement agencies with serious traffic crash investigations and critical crime scene mapping. The teams utilize Total Station technology, which allows for the accurate and fair depiction of a crash or critical crime scene diagrammed to scale. Each officer is trained in the human, mechanical and environmental factors of traffic crash investigation. They are considered court experts in the field of traffic crash investigation.

The Driving While Impaired Victim Advocacy program provides support, information and resources, primarily to victims of alcohol/drug related traffic crashes. Victims of these crashes have been identified as underserved population. Through the services and referrals provided by this program, victims have a one-stop source for access to direct service providers. The significance of our role in responding to victims cannot be overemphasized. Our officers interact more often with victims than other professionals in the criminal justice system.

Program is found in the following core budget(s):

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

In 1931, the Missouri State Highway Patrol was created by the enacting of Missouri Revised Statute Chapter 43 by the General Assembly. Section 43.020 allowed for the creation of a force consisting of a superintendent, sergeants, corporals, patrolmen, and radio personnel. Members of the Patrol were vested with law enforcement powers which would supplement and not limit the duties of sheriffs, police officers, other peace officers of this state. The primary purpose of the Highway Patrol is to enforce the traffic laws and promote safety upon the highways. As near as practicable, all personnel of the Patrol are used for carrying out these purposes.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Gaming Division****Program is found in the following core budget(s):****1. What does this program do?**

The Gaming Division regulates the gaming industry by enforcing statutes, regulations, and internal controls. The division provides in-depth background investigations to determine suitability for gaming licenses for charitable gaming and for the casino gaming industry. The division also ensures public safety by providing police services at gaming facilities. Police services include the investigation of patron complaints, enforcement of state laws and regulations, and making arrests. Criminal investigations by the Gaming Division have resulted in arrests for offenses such as identity theft, counterfeiting, fraud, cheating at gambling games, and stealing by both patrons and casino employees.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 313.824 RSMo. directs the Missouri Gaming Commission to provide such staff as necessary to protect the public on any gambling excursion boat. Section 313.004 (9) RSMo. permits the Missouri Gaming Commission to enter into agreements with other agencies to carry out the duties of the Commission.

Required work has been performed utilizing existing employees in an overtime status in lieu of securing additional FTE. The overtime payments are billed back to the casinos where the work is being performed. During 2010, the thirteenth casino, the President, closed in St. Louis. FTE from this location were used at other casinos that were authorized to conduct 24-hour gaming. In addition, vacant FTE were used to staff the River City casino which opened in 2010. When a new casino is built and opened, additional approximately 9 FTE will be required.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Governor's Security Division

Program is found in the following core budget(s):

1. What does this program do?

The Governor's Security Division is responsible for providing transportation, security, and protection for the Governor and the Governor's immediate family. The division coordinates and provides protection for visiting Governors and other dignitaries. The division also provides protection for the Lieutenant Governor, at his or her request, when the Lieutenant Governor is acting as Governor.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

In 1973, Governor Kit Bond issued an order creating the Executive Security Unit which later became the Governor's Security Division. In 2005, Governor Matt Blunt signed the law passed by the 93rd General Assembly, officially creating the Governor's Security Division. Chapter 43 RSMo., directs the Patrol to provide transportation, security and protection for the Governor and immediate family. The statutes authorizing this division are 43.300, 43.310, 43.320, and 43.330.

The projected increases are estimated based on increased activity during the last few months of FY10, in addition to experience with previous trends on increasing activities during election year cycles.

7b. Provide an efficiency measure.

Number of Security Officers (FTE)

Governor/Family

It is important to note that this division's FTE was increased by two, for a total of 14, in FY2010 due to a change in operations mandated by the Director of Public Safety. In previous years, there had been two St. Louis Metropolitan Police Detectives assigned to handle work in the St. Louis area. This was changed to allow for consolidation of all protection operations for the Governor to be under Patrol management and supervision.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Division of Drug and Crime Control****Program is found in the following core budget(s):****1. What does this program do?**

The Division of Drug and Crime Control initiates and assists other agencies with investigations of any suspected crime or criminal activity within the state of Missouri. Investigations are conducted at the request of the Attorney General, chief of police, prosecuting attorney, sheriff, or the Superintendent of the Missouri State Highway Patrol. The types of investigations conducted by the division include homicides, drug related activity, assaults, sex offenses, explosive devices, missing persons, and identity theft. The Explosives Disposal Unit is equipped to respond statewide to incidents and investigations involving commercial explosive products, improvised explosive devices (bombs), and weapons of mass destruction involving chemical, biological, nuclear or any other explosive threat. The unit also provides training to all law enforcement, fire departments and state agencies on weapons of mass destruction, bomb threat analysis and explosive recognition. The division provides training and educational presentations for law enforcement officers and the public in a variety of areas where it has special expertise and knowledge. These areas range from investigative techniques for officers to protection against copper theft.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Division of Drug and Crime Control is mandated by 43.350 RSMo. Its powers and procedures are authorized by 43.380 RSMo.

7d. Provide a customer satisfaction measure, if available.

Based on a 2008 survey of Missourians, 88% of the respondents stated that enforcing criminal laws was the most important duty performed by the Missouri State Highway Patrol. Additionally, 85% of the respondents stated that detecting and deterring the flow of illegal drugs was also a major concern.

A customer survey specific to the Division of Drug and Crime Control was sent to the police chiefs, sheriffs, and prosecuting attorneys in the state. Of the participants responding, 87.9% indicated they would support legislation to increase General Revenue funding for the Division of Drug and Crime Control's manpower.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Missouri Information Analysis Center****Program is found in the following core budget(s):****1. What does this program do?**

The Missouri Information Analysis Center (MIAC) serves as the main hub for the exchange of intelligence information for all investigative and narcotic units within the Patrol's Division of Drug and Crime Control and 9 troop headquarters, as well as city, county, state and federal law enforcement and administrative agencies. The division is the state of Missouri's 24/7 information center, which serves as the designated point of contact for access to information from local, state and federal agencies across the United States, as well as INTERPOL, an international information and investigation network. MIAC also serves as the public's collection point for information/tips/complaints received from citizens of the state in reference to criminal investigations, public health emergencies, homeland security issues, and natural disasters. In addition, the division is also the state of Missouri liaison between state public health agencies, federal disaster recovery entities, state disaster recovery agencies and other administrative agencies within the state government.

The division provides the administration, support, and oversight for the Missouri Statewide Police Intelligence Network System (MoSPIN) that provides law enforcement officers the ability to enter and query intelligence information on subjects and events in a shared law enforcement secured database. This database is available to all law enforcement agencies in the state of Missouri, 24 hours a day, 7 days a week, through a secure web-based connection. The division provides the main analytical support to law enforcement on Homeland Security matters as well as other events or criminal activity such as homicides, robberies, burglaries, narcotics trafficking and the numerous reports of theft within the state of Missouri. MIAC in support of the state of Missouri is the first line contact and provider of background investigations for individuals being considered for public appointments to government commissions, boards, and judicial positions. The division also is in support of the Missouri Department of Corrections and the United States Marshal's Service in assisting with absconder/fugitive apprehension.

The division provides training and educational presentations for law enforcement officers and the public in a variety of areas where it has special expertise and knowledge. These areas range from analytical services provided by the division as well as the functioning of the Missouri Statewide Police Intelligence Network System and the integration of the services provided by other state agencies. This training would also include investigative techniques for officers in the investigation and protection against thefts of major interest to Missourians such as heavy equipment, industrial metal thefts, and agricultural thefts.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Traffic Division

Program is found in the following core budget(s):

1. What does this program do?

The Traffic Records Division collects, processes, and disseminates data, statistics, and reports pertaining to Missouri's motor vehicle traffic crash and alcohol and drug-related traffic offense experience, as well as traffic arrests completed by the Missouri State Highway Patrol. The program is also responsible for providing training to statewide law enforcement, prosecutor, and court personnel on the requirements for reporting information to the Patrol relating to these topics. The program analyzes fatal traffic accidents to provide data to the National Highway Traffic Safety Administration's central computer file and maintains a liaison with Missouri county coroners and medical examiners in gathering information on alcohol/drug involvement in fatal crashes. The program also conducts performance reviews on the Highway Patrol's Uniform Citation Audit System in each of the Patrol's nine troops and assigns unique, sequential numbers to statewide law enforcement agencies for inclusion on Uniform Citations. Finally, the Traffic Records Division processes requests for copies of motor vehicle crash reports/data and collects and deposits state revenues associated with the dissemination of these documents. Federal grants that currently help support the Traffic Records Division include the Statewide Traffic Accident Records System (STARS) Information Maintenance, Fatality Analysis Reporting System (FARS), Motor Carrier Safety Assistance Program (MCSAP) Commercial Vehicle Enforcement Traffic Records Improvement Project, DWI Tracking System (DWITS), and the 408 Traffic Record Systems Improvement Grant. With the merger of the Missouri State Water Patrol, the division has been tasked with processing boating accident reports and depositing revenue associated with dissemination of these documents.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 43.250, RSMo, requires every law enforcement officer who investigates a vehicle accident resulting in an injury to or death of a person or total property damage of five hundred dollars or more to one person to forward a copy of their vehicle accident investigative report to the Missouri State Highway Patrol (Traffic Records Division) within ten days from the date of the accident. Section 302.225, RSMo, requires every court having jurisdiction over offenses committed under sections 302.010 to 302.780, RSMo, or any other state law, county, or municipal ordinance regulating the operation of vehicles on highways to forward a record of any plea or finding of guilty of any person violating the aforementioned laws or ordinances. Section 302.225, RSMo, further requires the Highway Patrol to enter records relating to offenses involving alcohol, controlled substances, or drugs into the Missouri Uniform Law Enforcement System (MULES). Section 577.051, RSMo, requires courts to forward a record of the disposition of a court proceeding involving a violation of section 577.005 to 577.023, RSMo, or county or municipal ordinances involving alcohol or drug-related driving offenses for inclusion into MULES. Section 306.170, RSMo, requires any information compiled or otherwise available to the Missouri State Water Patrol pursuant to subsection 2 of section 306.140 (watercraft collision, accident, or other casualty to be filed with the Missouri State Water Patrol) shall be transmitted to said official or agency of the United States.

3. Are there federal matching requirements? If yes, please explain.

Yes. The MCSAP Project Grant requires a 20% soft match. The match is currently covered by Highway Patrol FTE's processing accident reports and training provided by the Highway Patrol to local law enforcement agencies on accident reporting and classification.

4. Is this a federally mandated program? If yes, please explain.

No

All of the hardware for mounting radio and computer equipment in the patrol cars is designed around the Ford Crown Victoria patrol car. The Crown Victoria is being discontinued, and the Patrol is looking at several replacement options. None of the vehicles are compatible with the current equipment. The vast majority of patrol vehicles are assigned to highway enforcement and will need new radio mounting hardware that is capable of supporting a computer. This also includes mounting trays in the trunk for radio units and weapons. These mounting trays have proven to extend the life of the radio equipment by protecting it from water leaks and also make service much simpler. Since the Patrol fleet rotates over a period of years, the Patrol is requesting this funding over a three year period with a small amount of ongoing funds after that.

The Patrol has approximately 1,200 vehicles assigned to highway enforcement personnel, and another 100 investigative vehicles. The Patrol is requesting both highway funds and federal drug forfeiture over a 3 year period to complete the transition of new radio and electronic racks and trays for enforcement vehicles. Highway enforcement vehicles will be most impacted by this transition with investigative vehicles having some modifications. Estimates are based on the most recent costs for modifications.

The Missouri State Highway is tasked with commercial vehicle enforcement through fixed scale houses and mobile enforcement. The Patrol is currently using three different job classes in this enforcement program, but began a process to transition to two job classes approximately 4 years ago. These three job classes are 1) commercial vehicle inspectors (CVI) who work at fixed scale houses, 2) armed commercial vehicle officers (CVO) who work at fixed scale houses and in mobile units, and 3) commercial vehicle troopers (CVET) who work from mobile units. While CVOs are armed, they have very limited authority, and are restricted to minor enforcement dealing with commercial vehicles. They must call for a trooper when dealing with criminal arrests, investigations, and accidents. The Patrol is requesting spending to convert 5 more CVO positions to CVET positions through attrition. The Patrol currently has 30 CVETS. Troopers have a lower employment turnover rate than CVOs and CVIs, resulting in more experienced law enforcement officers specializing in commercial vehicle enforcement. If approved, the Patrol will convert 1 CVO Supervisor II position, 3 CVO Supervisor I positions, and 1 CVO II position to 5 trooper positions. One trooper will be assigned out of the Springfield troop, one out of the Willow Springs troop, and three out of the Rolla troop. Additionally, a canine will be assigned to one of the officers in the Rolla troop.

The following are the projected costs for the conversion of 5 CVO positions to CVET positions. There will be no increase in salary, and the only costs will be associated with equipment. Several of the CVO positions already have some of the needed equipment and vehicles assigned to them. These vehicles and equipment have already been factored into the total costs. All costs associated with equipment are being requested from Highway Funds (0644), while all costs associated with the canine are being requested from federal drug forfeiture (0194)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Patrol currently operates a fleet of 9 fixed wing aircraft and 4 helicopters. The ongoing cost of basic repairs, maintenance, and fuel continue to increase regularly. In order to maintain the aircraft and equipment at an operational level, the Patrol is requesting an increase to both its highway and revolving fund appropriations. These increases will affect both flights operated for highway purposes, and increases in operational costs that will be passed on to outside agencies. The Patrol also anticipates that it will begin to receive reimbursement for flight hours for federal disasters in FY13.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based on most recent flight projections, the Patrol anticipates an increase in operational hours for the Cessna 182 traffic fleet of 313 total hours during FY13. A restructuring of the Aircraft Division has provided for more pilot time to be dedicated to aggressive traffic enforcement and support of other aircraft operations. This increase will include some highway costs and some costs that will be supported by the Vehicle/Aircraft Revolving Fund. The current cost per hour for operations is \$69.29 for a total increase of \$21,701. Additional projected increases in standard maintenance items including tires, propellers, etc., will bring the total to approximately \$28,000 to be requested from Fund 0644, appropriation 1430.

In addition, the Patrol needs an increase in it's ongoing Vehicle/Aircraft Revolving Fund Appropriation to ensure that it has available spending to run operations that will either be billed to outside entities, or tell recoup and use federal disaster funds. The Patrol requests an additional \$40,000 from Fund 0695, Approp 1967. This is requested ongoing.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Patrol operates an aircraft fleet that consists of airplanes to conduct traffic enforcement flight operations, and helicopters to conduct traffic operations, as well as, criminal, missing persons, and rescue operations. These aircraft must be maintained in compliance with the Federal Aviation Regulations in order to ensure they remain in a safe and airworthy condition. Operating aircraft without complying with these regulations will result in enforcement action against the pilot and the Patrol by the Federal Aviation Administration and unsafe flight conditions for our pilots and our passengers. The Patrol is requesting funding to replace the engines of three older planes in order to keep them airworthy. In addition, the Patrol is requesting spending authority for federal drug forfeiture funds to perform maintenance on five helicopters.

The requested amounts listed below were derived from the Patrol's aircraft mechanic who maintains the airplanes and the contracted mechanic who maintains the helicopters. These amounts were calculated by determining which airplanes would be due for mandatory engine replacement during FY13 and mandatory helicopter maintenance for FY13, based on projected flight times for each aircraft. The aircraft information and projected amounts required to replace the engines, or perform the helicopter maintenance are shown below. These are one-time requests from the funds shown below.

The Aircraft Division operates airplanes and helicopters to respond to the aviation needs of the Patrol and of the State. The Federal Aviation Administration (FAA) requires pilots to complete recurrent flight training, which includes normal and emergency procedures, flight reviews, instrument currency, and night currency. This training ensures pilots receive the necessary training to operate the aircraft safely and in compliance with the proper aircraft procedures. Failure to complete this training would compromise safety and would result in the loss of FAA certification for pilots to operate the Patrol's aircraft. Pilots selected to attend regional and national conferences of the Airborne Law Enforcement Association (ALEA) will attend training courses related to current issues in airborne law enforcement which affect Patrol flight operations. The Patrol has an ongoing appropriation of \$50,000, however, due to the death of one pilot, the retirement of two pilots, and the assignment of four new pilots to the division along with projected retirements, the costs of training will increase for the next several years.

The Patrol receives numerous calls each year to assist with aerial criminal searches, missing persons, and other investigative searches. The MSHP only has one helicopter statewide equipped to handle night searches using night goggles and infrared technology. That helicopter is located in Jefferson City and unable to respond to many incidents in time to render assistance. The Patrol operates an OH58 helicopter that is only equipped to perform searches during daylight conditions. The helicopter is currently equipped with outdated radio and navigational equipment and is in need of new exterior paint. This funding is needed to increase the capabilities of this helicopter by installing the necessary equipment to perform nighttime searches, as well as upgrade the radio and navigational equipment and repaint the helicopter. The helicopter will be moved to southeast Missouri to allow for a quicker response in that region. The funding for this upgrade is being requested from federal drug forfeiture funds.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In FY12, the Missouri State Highway Patrol was appropriated \$90,000 of federal drug forfeiture funds to purchase SWAT replacement weapons. During the bid preparation process, we found that the costs of the replacement weapons and the modified equipment would easily exceed the \$90,000 appropriation. Additionally, the Patrol has a large number of duty rifles it received from the Department of Defense that are becoming older and beginning to break down. These weapons were originally manufactured during the Vietnam War era. The Patrol does not have enough of these types of weapons, so extras need to be purchased to allow all officers to be issued one. Once that is complete, the older weapons from the Department of Defense need to be replaced. The Patrol also owns a large number of duty shotguns and service weapons that will begin to fail in years to come. The Patrol is requesting an ongoing appropriation from federal drug forfeiture funds to finish replacing SWAT weapons, to purchase additional duty rifles, to begin replacing older duty rifles, and to purchase ammunition for these rifles as needed.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Missouri is currently constructing a statewide public safety interoperable communications system, known as the Missouri Statewide Interoperability Network (MOSWIN). MOSWIN is a network of communications towers, base stations and communications software. The project will build the infrastructure that will provide interoperable communications throughout the state to both state public safety agencies and any local jurisdictions that wish to use the system for their interoperable communications.

This decision item will fund the General Revenue portion of payments to Motorola in fiscal year 2013. There will be additional payments in 2014 that will also include ongoing maintenance.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The amount requested is based on the existing contract for the statewide interoperability system.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Water Patrol Division

Program is found in the following core budget(s):

1. What does this program do?

The Water Patrol Division (WPD) protects the citizens of the state through enforcement and education. Boating is a popular activity across the state, and officers patrol approximately 273,000 acres of major lakes and the Missouri and Mississippi rivers with an aggregate shoreline in excess of 8,000 miles. This vast amount of water does not include the lesser tributaries of the Missouri and Mississippi rivers including, but not limited to, the Osage, Meramec, Gasconade, Grand, Current and other rivers within the state. Officers respond to tens of thousands of calls for service, both directed and self-initiated, each year.

The laws contained in Chapter 306 RSMo. were established to regulate the registration, titling, and equipment requirements on watercraft, as well as their operation. Traffic enforcement on our waterways is very similar to traffic enforcement on our highways. Moving violations such as operating a boat while intoxicated, reckless operation, and speed limits are strictly enforced. While the WPD has many responsibilities, none are more important than protecting and serving the citizens of the state.

The WPD also investigates boating accidents and reports watercraft accident information to the United States Coast Guard. Officers are responsible for the recovery of watercraft accident and drowning victims. The WPD has the equipment to perform this service on a statewide basis. Officers are highly trained in body-recovery techniques. Disposal of evidence (guns, vehicles, etc.) in our waterways is a common occurrence. Officers investigate all types of criminal activity including homicide, burglary, stealing, and other similar crimes. Officers are specifically trained in proper procedures that maintain evidence validity and the ability to provide appropriate court testimony in criminal cases. Incidents of family violence and abuse are investigated as well as all violations involving illegal use of drugs and alcohol within our jurisdiction, including drug production and trafficking. Officers also participate in drug and crime task forces throughout the state. The WPD also promotes crime prevention through various initiatives. A theft-prevention program has been developed in conjunction with local agencies in an effort to curb the growing problem of watercraft and marine equipment theft.

The need for a professional dive team capable of providing a wide array of services such as body recovery and criminal evidence recovery had long been recognized by the WPD and the Missouri legislature. The Underwater Recovery Team (URT) has been in existence since 1979. The team consists of 10 members, each of whom has attained a minimum of master diver status and is specifically trained in the proper procedures that maintain evidence validity, chain of custody and the ability to provide appropriate court testimony in criminal cases. Over the years, the URT has made hundreds of recoveries and other specialized dives for public benefit. Dive missions have included water main repair in flooded cities, repairs of leaking levees, body recoveries, murder weapon recoveries and many others. While there is a minimal cost to providing this service to the state, the resulting costs of discontinuing the program would increase our costs of operation, due to less efficient and effective means of locating and recovering drowning victims and other items. Additionally, evidence that is essential for criminal prosecution may never be located without the technology the URT employs.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Water Patrol Division is mandated by Chapter 306 RSMo.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Water Patrol Division****Program is found in the following core budget(s):****3. Are there federal matching requirements? If yes, please explain.**

Yes, the WPD's federal funding is determined as follows:

Each of the 50 states and other municipalities receive funds to assist in boating safety. This funding comes from what is known as the Sport Fish Restoration and Boating Trust fund. The total number of dollars that are made available to the states is approximately \$124 to \$130 million. In the current federal fiscal year, \$124 million was made available to the states. The individual state allocations are determined as follows:

- 1) One-third shall be allocated equally each fiscal year among eligible states.
- 2) One-third shall be allocated among eligible states in the same ratio as the number of vessels in that state compares to the number of vessels in all eligible states.
- 3) One-third shall be allocated in the same ratio as the amount expended by the state (e.g., General Revenue funds) for recreational boating safety as compared to the total amount expended by all eligible states for recreational boating safety.

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

The Missouri State Highway Patrol is currently funded at approximately \$2.45 per gallon for motor vehicle fuel. The average fuel cost in FY11 was \$2.67 per gallon and resulted in a shortage of \$682,428.61. Fuel costs are expected to remain at or above current rates throughout FY12 and into FY13. In addition, aircraft fuel increased by 20-26% from 2010 to 2011. The Patrol is requesting an increase in its fuel core to cover these costs.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one times and how those amounts were calculated.)

A \$682,429 core increase is requested to fund the expected shortfall in MSHP gasoline appropriations. In FY11 the average cost of fuel was \$2.67 per gallon. A total amount of 1,719,806 gallons were consumed in FY11 at a total cost of \$4,591,882.61. The FY12 budgeted appropriation for fuel is \$3,909,454. Based on total fuel consumption in FY11 and the FY12 budgeted appropriation, the Patrol requests a core increase of \$682,428.61. The fuel usage statistics below represent actual fuel dollars spent by MSHP and gallons consumed in FY11 and does not include any amounts reimbursed by other agencies.

Fuel Usage FY11		
	Gallons	Dollars (\$)
Gasoline	1,690,096	\$ 4,488,606
E85	20,270	\$ 52,271
Diesel	9,440	\$ 51,006
Total	1,719,806	\$ 4,591,883

On average, airplane fuel increased from \$4.54 per gallon in August 2010 to \$5.74 in August 2011. This is an increase of 26%. Jet fuel increased from \$4.42 per gallon in August 2010 to \$5.30 in August 2011 on average. This is an increase of 20%.

2. CORE DESCRIPTION

This core request is for funding the necessary, systematic replacement of vehicles. By maintaining a fleet of vehicles that are safe and efficient to operate, the Patrol is able to enforce traffic and criminal laws and to promote safety.

3. PROGRAM LISTING (list programs included in this core funding)

Vehicle Replacement is the only program in this decision item.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In recent years, the Patrol has been permitted to use federal drug forfeiture (DFF) dollars to purchase replacement vehicles assigned to investigative personnel. In FY11, the Patrol received a one-time federal drug forfeiture fund (DFF) appropriation in the amount of \$162,800 to replace the vehicles with the highest mileage (those with 120,000 to 160,000 miles) and in FY12, the Patrol received another \$375,000 in DFF appropriations for vehicle replacement for high mileage vehicles. Since these are one-time appropriations, the Patrol will, by the end of FY13, have several more high mileage investigative vehicles. This additional FY13 one-time appropriation would allow the Patrol to purchase another estimated 25 replacement vehicles. All of the vehicles to be purchased would be replacement vehicles and not additions to the fleet. These purchases will fall within the permissible guidelines of DFF funds.

The patrol is requesting \$550,000 to replace an estimated twenty-five DDCC vehicles in FY13 at an estimated cost of \$22,000 per vehicle. Vehicles to be replaced would include light trucks and passenger cars (Fund 0194, Appropriation 4534). This is a one-time request.

2. CORE DESCRIPTION

This core request is for funding for the Patrol's criminal laboratories. These labs process evidence to assist law enforcement in the apprehension and conviction of criminal offenders, involving cases submitted by a variety of governmental agencies. Services provided include chemical analysis (drug identification), DNA analysis, trace evidence comparisons (latent fingerprints), firearm identification, document examination, and shoeprint comparison.

3. PROGRAM LISTING (list programs included in this core funding)

Crime Lab is the only program in this decision item.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Crime Laboratory Division****Program is found in the following core budget(s):****1. What does this program do?**

The Crime Laboratory Division provides forensic science support to the Missouri State Highway Patrol as well as to other law enforcement agencies throughout the state of Missouri by analyzing evidence recovered through criminal investigations. The division is also responsible for the Convicted Offender DNA Profiling program in Missouri. The division is internationally accredited by the American Society of Crime Laboratory Directors / Laboratory Accreditation Board (ASCLD/LAB) consisting of a full-service General Headquarters (GHQ) laboratory in Jefferson City, a full-service crime laboratory in Springfield, and six limited-service crime labs located in Macon, Park Hills, Carthage, Cape Girardeau, Willow Springs, and St. Joseph.

In the past several years, the Patrol laboratory has experienced substantial growth, beginning with the merger of the former SEMO Regional Crime Lab in Cape Girardeau and the MSSU Regional Crime Lab in Joplin into the state system. In addition, we expanded our services by opening a second full-service laboratory in Springfield in December 2008. Through a cooperative effort of local, state, and federal entities, a 30,000 square foot, full-service crime lab was opened in Springfield that provides a statewide benefit by relieving pressure on the General Headquarters lab in Jefferson City. The ultimate goal of this project is to increase our overall system capacity to perform casework and provide the law enforcement agencies we serve statewide with a reasonable turnaround time for all cases submitted to the lab. Additionally, the state appropriated funding to relocate the Joplin lab to a new facility in Carthage. This new facility was opened in September 2010, increasing the capacity of the lab system in both drug analysis and latent print examinations.

The General Headquarters lab provides services in the forensic disciplines of DNA, toxicology, latent fingerprints, firearms/tool marks, trace evidence, and drug chemistry. The Headquarters' lab is also responsible for the management of the Convicted Offender DNA Profiling program in Missouri and serves as the state CODIS Administrator. In 2010, the CODIS section analyzed 21,872 offender DNA samples and produced a total of 790 "hits" between crime scene samples and offender samples in the database. The Springfield Crime Lab also provides full-service in all six forensic disciplines. The Cape Girardeau lab offers forensic services in DNA toxicology, latent fingerprints, firearms and drug chemistry. The Carthage lab offers forensic services in drug chemistry and latent fingerprints. The St. Joseph lab provides services in the areas of drug chemistry and blood alcohol determinations, and the Macon, Park Hills, and Willow Springs labs provide services in the drug chemistry discipline. The strategic locations of these labs provide local law enforcement agencies easy access to the crime lab system. Any evidentiary items submitted to one lab can be transparently moved to other facilities in the system for appropriate analysis. The evidence can then be moved back to the local lab for pick up by the submitting agencies, thus relieving those agencies of long drives to central labs.

More than 80% of the 24,661 cases received by the division in 2010 were from outside agencies. The Crime Lab Division received evidence from over 500 law enforcement agencies last year; therefore, providing services to virtually every citizen in the state. Forensic examination of evidence is essential for the successful investigation and prosecution of criminal cases. Patrol Criminalists also present expert testimony related to their examinations in court proceedings and provide training to law enforcement investigators on the capabilities of the forensic laboratory, as well as the proper collection and preservation of evidence.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Crime Laboratory Division

Program is found in the following core budget(s):

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Crime Laboratory Division provides support to the Patrol in fulfilling its responsibilities outlined in RSMo., Chapter 43.025 and 43.380. In addition, RSMo., Chapter 650.050-650.100 establishes a felon and sexual offender DNA Profiling program within the Highway Patrol. The Crime Laboratory is designated the state repository for the DNA samples and the corresponding CODIS database.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Program Expenditure History

6. What are the sources of the "Other" funds?

Highway (0644), Criminal Records System (0671), State Forensic Laboratory (0591), and DNA Profiling Analysis (0772)

Program Name - Highway Patrol Crime Laboratory Division

Program is found in the following core budget(s):

7a. Provide an effectiveness measure.

Effectiveness can best be described as correctly analyzing evidence and successfully presenting testimony in a court of law, with the ultimate outcome being the incarceration of the guilty and exoneration of the innocent. The demand for forensic science services is reflected by the continued high caseload at the Patrol Crime Laboratory. Examinations of evidence from clandestine methamphetamine labs, homicides, and sexual assaults have become more complex. For example, case samples which several years ago would not yield useable amounts of DNA, such as single hairs and cellular debris swabbed from clothing, can now be tested due to increased sensitivity using more effective instrumentation and methods. Such advances have made the Crime Laboratory even more critical for the successful investigation of crimes and prosecution of criminals.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Crime Laboratory Division

Program is found in the following core budget(s):

7b. Provide an efficiency measure.

7c. Provide the number of clients/individuals served, if applicable.

The Missouri State Highway Patrol Crime Laboratory provides forensic science support to any law enforcement agency in the state of Missouri. In 2010, the lab received evidence from more than 24,600 criminal cases and more than 500 law enforcement agencies, including other crime laboratories such as St. Louis City, St. Louis County, and Kansas City. In addition, MSHP lab staff honored hundreds of subpoenas in Missouri's federal, state, and municipal courts. Due to the statewide nature of the agencies served, the number of individuals served is literally every resident in the state of Missouri.

7d. Provide a customer satisfaction measure, if available.

Prosecuting Attorneys are routinely contacted to evaluate testimony of Patrol criminalists in court. These evaluations are overwhelmingly positive. The Missouri State Highway Patrol public opinion surveys consistently rank the Patrol Crime Laboratory as a high priority among the citizens of Missouri.

2. CORE DESCRIPTION

This core request is for funding for the Patrol's training academy. Training is provided at four levels: basic (officers are taught modern police methods, skills, and procedures to meet the statutory requirements for certification), specialized (officers become experts in areas such as firearms, radar, blood alcohol testing, etc), in-service/proficiency (officers are kept current in areas of criminal justice responsibilities and duties), and administrative (first-line supervisors, police chiefs, sheriffs, etc, are able to develop better supervision and management skills).

3. PROGRAM LISTING (list programs included in this core funding)

Academy is the only program in this decision item.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Training Division

Program is found in the following core budget(s):

1. What does this program do?

The Training Academy's primary function is to provide a structured, para-military training environment that will challenge the recruit physically, mentally, and academically. Following a rigorous selection process, recruits attend 25 weeks of intense training. Additionally, the Academy provides centralized training programs by preparing, conducting, and coordinating continuing education, management training rule, and recertification courses in decentralized locations throughout the state. The Academy coordinates instructor selection, training, evaluation, and certification in accordance with the Department of Public Safety, Peace Officer Standards and Training (POST) regulations. The Academy is an approved peace officer training center under Chapter 590, RSMo. As such, it provides career enhancement courses to Patrol employees and any peace officer upon proper application and payment of appropriate fees. The Academy serves over 200 law enforcement agencies throughout Missouri and the United States. The Academy receives no General Revenue funding. All monies received from outside agencies attending classes at the Academy are deposited in a Highway Patrol Academy (HPA) revolving fund which accounts for approximately 75% of the Academy's expense and equipment budget.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 43.020, RSMo. requires Highway Patrol personnel to have all powers necessary to fully and effectively carry out the purposes of Chapter 43. This includes the basic training and continuing education requirements necessary to maintain peace officer certification per Chapter 590, RSMo. Sections 590.145 and 33.080 RSMo are sources of authority for the existence and use of HPA funds.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Training Division

Program is found in the following core budget(s):

6. What are the sources of the "Other" funds?

Highway (0644), Gaming (0286), and Highway Patrol Academy (0674)

7a. Provide an effectiveness measure.

Highway Patrol Training vs. State Mandated Training

*In 2008, the Patrol began conducting two recruit classes a year. Therefore, the amount of training hours provided per class has been adjusted. The 87th Recruit class received 1,243 hours of training while subsequent classes will receive 1,144. However, the amount of training hours still far exceeds the state minimum requirement.

7b. Provide an efficiency measure.

Cost comparison is based on MSHP's Advanced Crash Investigation vs IPTM's Crash Investigation Two Course. Meals and lodging are included in the cost for the Academy, when applicable. The private institute does not include these costs.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Training Division

Program is found in the following core budget(s):

7c. Provide the number of clients/individuals served, if applicable.

Mandatory Classes Offered at Academy

	CY 2008	CY 2009	CY 2010
Number of Troopers Attending Mandatory Courses (Includes Continuing Education, Recertification, and/or Management Training)	1,071	1,093	1,245
Number of Patrol Mandatory Courses (Includes Continuing Education, Recertification, and/or Management Training)	68	60	45
Number of Schools/Training/Meetings Provided (Includes Outside Agencies)	427	362	287

7d. Provide a customer satisfaction measure, if available.

Students attending Academy courses are asked to complete a course critique at the conclusion of the training program. Student evaluations of Academy training programs, instructors, and facilities are consistently in the "excellent" range. Adjustments are made as needed, dependent upon feedback received from course critiques. Historically, approximately 95% of the students complete the evaluation forms.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Driver Examination Division****Program is found in the following core budget(s):****1. What does this program do?**

The Driver Examination Division develops the standards, policies, and procedures of the driver examination program including developing and updating the tests, administering a uniform program of testing for all classes of driver licenses, conducting basic driver examination schools (at least annually for new examiners and biannually for all other personnel), and acting as liaison between the driver examination offices and others on driver license matters. It also assists in establishing Commercial Driver's License (CDL) third party tester audit procedures and procures equipment, supplies, and office space necessary for administering driver examinations.

Driver examiners screen applicants for proper identification prior to testing, as well as administer written, vision, highway sign recognition, and driver skills tests to operators of motor vehicles which include motorcycles, school buses, and large commercial vehicles. In addition, examiners conduct annual audits of all third party CDL testers who are certified by the Department of Revenue to administer CDL skills tests.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 302.020, RSMo., makes it unlawful for any person except those exempted by 302.080 to operate any vehicle, motorcycle, or motortricycle upon any highway of this State unless he/she has a valid license. Section 302.173, RSMo., delegates authority to the Patrol to conduct driver's examinations for obtaining a driver's license.

Section 302.720, RSMo., Item 1, states, in part, except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial drivers license with applicable endorsements valid for the type of vehicle being operated as specified in sections.

Section 302.700 to 302.780, RSMo., Item 2 states, in part, no person may be issued a commercial drivers license until he or she has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law.

Section 302.720, RSMo., delegates authority to the Patrol to conduct commercial driver examinations for obtaining a commercial driver license.

Section 302.721, RSMo., Item 2, states, in part, any rule promulgated by the director of revenue and the superintendent of the highway patrol regarding compliance requirements for third-party commercial driver license examination programs shall require the superintendent to reexamine a minimum of ten percent of those drivers who have passed the CDL skills examination administered by a certified third-party commercial driver license examination program in the state of Missouri.

Section 302.272, RSMo., makes it unlawful for any person to operate any school bus owned by or under contract with a public school or the State Board of Education unless such driver has qualified for a school bus endorsement. Item 1 states the examination for a school bus endorsement shall include a written examination and a drivers test in the type of vehicle to be operated. For purposes of this section classes of school buses shall comply with the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570).

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Driver Examination Division

Program is found in the following core budget(s):

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

Yes. The Federal Motor Carrier Safety Regulations, Chapter 383.23, General Rule. (1) Effective April 1, 1992 no person shall operate a commercial motor vehicle unless such person has taken and passed written and driving tests which meets the Federal standards for the commercial motor vehicle that person operates or expects to operate. (2) No person shall operate a commercial motor vehicle unless such person possesses a (CDL) which meets the standards issued by his/her State or jurisdiction of domicile.

383.110 General requirement. All drivers of commercial motor vehicles shall have knowledge and skills necessary to operate a commercial motor vehicle safely. There are three types of general skills that will be tested: pre-trip inspection, basic vehicle control, and on-road driving. You must take these tests in the type of vehicle for which you wish to be licensed.

383.75 Third party testing (a) Third party tests. A state may authorize a person (including another State, an employer, a private driver training facility or other private institution, or a department, agency or instrumentality of a local government) to administer the skills test if the following conditions are met: (1) The tests given by the third party are the same as those which would otherwise be given by the State; and (2) The third party as an agreement with the State containing at a minimum, provision that: (i) Allow the Federal Motor Carrier Safety Administration (FMCSA), or its representative, and the State to conduct random examinations, inspections and audits without prior notice; (ii) Require the State to conduct on-site inspections at least annually; (iii) Require that all third party examiners meet the same qualification and training standards as State examiners, to the extent necessary to conduct skills tests in compliance with the State.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Motor Vehicle Inspection Division****Program is found in the following core budget(s):****1. What does this program do?**

The Motor Vehicle Inspection Division is responsible for the overall administration of the statutorily mandated safety inspection program which includes developing standards, policies and procedures for motor vehicle inspection. These include maintaining the inspection manuals, investigating applications for licensing of inspector/mechanics and stations, conducting administrative investigations of consumer complaints, and administering the school bus inspection program. The division also assists in training Patrol recruits and inspection station supervisors, administers the VIN/Salvage title examination programs, administers window tint examinations, and drafts and reviews administrative rules related to the Motor Vehicle Inspection Program. Through the collection of statutory fees for safety inspection stickers and inspection station permits, the Motor Vehicle Inspection Division deposits funds in the Highway Fund and the Highway Patrol Inspection Fund. Combined deposits to these funds exceed the annual amount appropriated for the administration of the program. The funds deposited in the Highway Patrol Inspection Fund are not wholly appropriated and the unexpended balance is transferred to the State Road Fund at the end of each biennium.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 307.350 to 307.390, RSMo., 2000, as amended.

2. CORE DESCRIPTION

This core request is for funding to provide effective and timely communications for the Patrol, as well as to maintain a comprehensive data system. The Communications Division operates a statewide voice communications network, manages various internal telecommunications and voice systems, installs and maintains mobile communications equipment, and is responsible for the operation of the communication consoles and telephone switchboards at each of the nine troop headquarters. The Information Systems Division develops and operates data systems in four major areas (criminal justice, traffic records, administrative records, and computer support), and operates the Missouri Uniform Law Enforcement System (MULES) network, which provides criminal justice data services to regional law enforcement agencies across the state and is linked to the National Crime Information Center (NCIC) operated by the FBI. The Criminal Justice Information Services Division is charged with being the state repository for criminal records.

3. PROGRAM LISTING (list programs included in this core funding)

The Technical Services program is made up of the following divisions:
Communications, Information Systems, and Criminal Justice Information Services

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Communications Division****Program is found in the following core budget(s):****1. What does this program do?**

The Communications Division of the Patrol provides communications support for Patrol officers and others by operating and maintaining a statewide radio communications network. The network is operated from nine emergency service answering points staffed 24 hours a day, 365 days a year. Their essential primary functions are to receive calls for service from the public and emergency service providers, communicate emergency and non-emergency information to field officers by radio, coordinate radio communications between field officers and the control center, and broadcast interagency radio communications related to highway safety and criminal activity. Secondary functions include monitoring the National Attack Warning Alert System (NAWAS), reviewing National Weather Service bulletins, and supporting Alert Missouri/AMBER Alert. This program also provides state mandated Basic Communications Training for communications personnel, as well as specialized training.

Maintaining the network consists of procurement, installation, and repair of the Patrol's sophisticated electronic law enforcement equipment including mobile radios, base stations and associated towers, portable radios, speed detection radar and calibration equipment, breath testing equipment, mobile computing devices, in-car video systems, alarm systems, and specialized electronic systems. Communications personnel provide technical training on breath test and speed detection devices and provide expert testimony for breath test and traffic radar cases. The division coordinates procurement and maintenance of Patrol telephones, telephone lines, pagers, and cellular phones. In addition, the division coordinates radio frequencies used by all public safety agencies in the state of Missouri and has been designated to research and develop statewide communication opportunities.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

- Chapter 43 RSMo. provides for radio personnel to support Highway Patrol operations.
- Title 42 Chapter 46 Section 3771 USC establishes federal mandated MULES and NCIC training. The use of MULES itself is referenced in several statutes.
- Chapter 650.340 RSMo. establishes telecommunicator training in the state of Missouri.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

There is no federal mandate for communications. However, as indicated above, there is a federal mandate for MULES and NCIC training and adherence to FCC part 90 regulations, both functions are performed by the Communications Division.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Information Systems Division****Program is found in the following core budget(s):****1. What does this program do?**

The Information Systems Division (ISD) of the Missouri State Highway Patrol develops, operates, and maintains comprehensive computer systems used by criminal justice agencies at the state and local levels of government, as well as all troops and divisions of the Highway Patrol. This includes developing and maintaining all Patrol hardware platforms; Mobile Computing Devices and associated hardware/software; the Patrol data communications network; and providing operations and technical support for the Patrol's MULES (Missouri Uniform Law Enforcement System) infrastructure, criminal justice applications, and office systems.

ISD administers agency-wide computer applications, increasing the efficiency of policing operations throughout the state. It also coordinates technologies necessary for statewide repository functions used to capture, store, retrieve, and disseminate criminal history information. ISD combines and focuses the units responsible for information technology, data collection/analysis, information sharing, and knowledge development.

MULES is a core application used by law enforcement, courts and prosecutors across the state to access centralized information databases about driving records, vehicle ownership, sex offenders, outstanding warrants, and past criminal histories. Through MULES connections to other agencies, our users can review driver license information or parole status. MULES also serves as the gateway to the National Crime Information Center (NCIC). Through NCIC, MULES users have access to the same information on a national and international level. Further access through MULES to the National Law Enforcement Telecommunications System (NLETS) enables fast electronic communications with criminal justice agencies internationally.

The Patrol is the FBI-designated Control System Agency for the State of Missouri, consequently ISD is responsible for the security and integrity of the law enforcement data communications network within the State, including NCIC and NLETS. Requirements include data encryption, password security, providing and developing applications to assist with audits of our clients to ensure compliance with appropriate standards.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Missouri Law Enforcement Assistance Council Criminal Justice System Committee established the MULES program in 1969. It was established as a result of the recommendation outlined in the "System Concept and Development Plan for Missouri Statewide Law Enforcement Information System" prepared by an independent vendor, operating under a contract to the Missouri Law Enforcement Assistance Council. Other applicable statutes and mandates include:

RSMo. 43.250 – 251: Statewide Traffic Accident Report Repository -
 RSMo. Chapter 43 Highway Patrol -
 RSMo. 43.505 – UCR -

Program is found in the following core budget(s):

7b. Provide an efficiency measure.

The Patrol is undertaking a major upgrade and enhancement of its primary operational systems. This includes Computerized Criminal History (CCH), State Message Switch (MULES), Computer Aided Dispatch (CAD), Mobile Computing System (MCS), and Records Management System (RMS). This is essentially a replacement for all systems supporting the mission of the MSHP. The five components will be implemented in a phased approach starting with Criminal History, then State Message Switch and the remaining three components being implemented together. MULES is the primary law enforcement database system in the Missouri system. It is absolutely critical to the core mission of the Patrol and this effort will ensure its continued and uninterrupted efficiency and availability. The remaining systems are central to other critical functions of the MSHP and interface with MULES either directly or indirectly. Full production and implementation is tentatively scheduled for December 2011.

7c. Provide the number of clients/individuals served, if applicable.

PROGRAM DESCRIPTION

000434

Department of Public Safety

Program Name - Highway Patrol Criminal Justice Information Services

Program is found in the following core budget(s):

1. What does this program do?

The State Criminal Records Repository

The Missouri State Highway Patrol (MSHP) is mandated by the General Assembly to be the central repository for compiling, maintaining and disseminating all criminal history information in the state. The Criminal Justice Information Services (CJIS) Division is the sole contributor of criminal history record information and fingerprints to the FBI for the state of Missouri. The CJIS Division is responsible for Biometric (fingerprint) Identification services and compiling and disseminating complete and accurate history record information. The Automated Fingerprint Identification System (AFIS) adheres to state and federal mandates allowing Missouri's AFIS system to electronically interface with the FBI's IAFIS. The CJIS Division serves as the state's central repository for more than 900 criminal justice agencies within the state of Missouri.

While the primary users of Missouri's criminal history record information include federal, state, and local criminal justice agencies, the Division has seen a dramatic increase in the number of non-criminal justice background checks performed for employees holding positions of public trust. Pursuant to statute, CJIS serves as the state's criminal records repository for non-criminal justice purposes. Criminal background checks for licensing and employment purposes include: conceal and carry endorsements, gaming, elementary and secondary education, child and health care providers, foster care, child day care, or persons who have direct contact with the youth, disabled or elderly.

In addition to being the state's central repository, the CJIS Division is also charged with numerous other responsibilities. Technical operations include statewide training in criminal history reporting, state AFIS certification, Livescan (electronic fingerprint image capture) operator certification, publication of the Missouri Charge Code Manual, non-criminal justice audits and the Sex Offender Registry. The CJIS Division provides public access to registered offenders contained in the state's Registered Sex Offender files through a public website available on the Internet. Additionally, a toll-free number, staffed by MSHP personnel, is also available Monday through Friday, 7 a.m. until 7 p.m.

Program Support is tasked with maintaining the technical credibility and security of data with the Missouri Uniform Law Enforcement System (MULES) and the National Crime Information Center (NCIC) computer systems. The MULES/NCIC communication network is accessed thousands of times a day for the administration of criminal justice. Files include: wants and warrants, orders of protection, stolen vehicles, parts, missing persons, criminal records as well as other criminal justice information.

MULES/NCIC training and auditing is an integral part of the duties and responsibilities of Program Supports Services. Uniform Crime Reporting (UCR), mandated by state law, tasks the CJIS Division with the collection, maintenance, analysis and reporting of incident crime activity which is forwarded to the FBI's nationwide UCR repository. Missouri's Data Exchange (MoDEX) developed as a cooperative effort to link incident/case reports, incarceration data, computer aided dispatch, photos, citations, collision and pawn data into a readily accessible record management system.

The MSHP in conjunction with Computer Project of Illinois is in the process of building a new statewide message switch to replace the existing MULES network and is simultaneously replacing the Computerized Criminal History System.

Department of Public Safety

Program Name - Highway Patrol Criminal Justice Information Services

Program is found in the following core budget(s):

3. Are there federal matching requirements? If yes, please explain.

NCHIP - National Criminal History Improvement Program requires a 10% match to the federal funds provided

NCAP - NCAP Administration and Edward Byrne Memorial Grant requires at 25% state match to the federal funds provided

4. Is this a federally mandated program? If yes, please explain.

NCHIP - National Criminal History Improvement Program -- This program was established to meet national operational goals to promote timely collection of criminal record information, provide a comprehensive database of criminal history records to assist in the rapid identification of convicted felons, make available criminal data for analysis of criminal profiles, crime cost and crime impact, and assist in the development of a coordinated criminal justice network.

NCAP - Narcotics Control Assistance Program -- This program was established to assess the completeness and quality of criminal justice records, identify issues responsible for incomplete or inaccurate records, and establish a foundation to support the development of a records improvement plan.

NCAP Administration - This program provides for data analysis and problem identification, support of grant program administration, infrastructure development for data repository, records improvement coordination and assessing the effectiveness of existing programs and offering data to support development of new programs.

Edward Byrne Memorial Grant - This program provides financial assistance to state and local government for programs that improve enforcement of laws and improves the functioning of the criminal justice system with emphasis on narcotics, violent crime and serious offenders.

Refer to Question No. 2 - Federal Mandates.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The fiber optics cables connecting the Patrol general headquarters (GHQ) buildings together are many years old and have reached their capacity limit. The conduits have deteriorated and caused the cables to deteriorate as well. In addition to deteriorating, these older cables need to be replaced with higher speed cables. This decision item would replace all fiber and conduit between the buildings on the GHQ grounds. These connections serve for access to the computer mainframe and databases accessed by Patrol employees and other law enforcement agencies. In addition, the fiber optics lines at the Troop C, Weldon Spring facility were never connected to the MoDot fiber optics line nearby. The troop must rely on a slow speed limited access connection plan. Connection to the MODOT fiber would provide Troop C direct access to MODOT traffic cameras in the St Louis area. This will allow for better 24 hour review of traffic incidents as they occur. Contractors have estimated the cost to repair, replace, and connect both these projects at \$300,000 total.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Most recent contractor estimates show the cost for these connections and repairs to be \$300,000. This is a one-time request being requested from Highway Funds, Fund 0644 and Appropriation 2285.
